

# Frac Pump Parts

## 12x10 Dominator – Discharge Pump

### EFFICIENCY

The Dominator's high-end efficiency and performance, even at lower RPMs, reduce our customer's engine wear, fuel costs and carbon footprint all at once.

### ENCLOSED IMPELLER

The Dominator's enclosed impeller allows for customers to safely and effectively operate with additives.

### HIGH CHROME

All parts on the Dominator are uniformly designed to have industry leading hardness and strength.

### 24/7/365 SERVICE

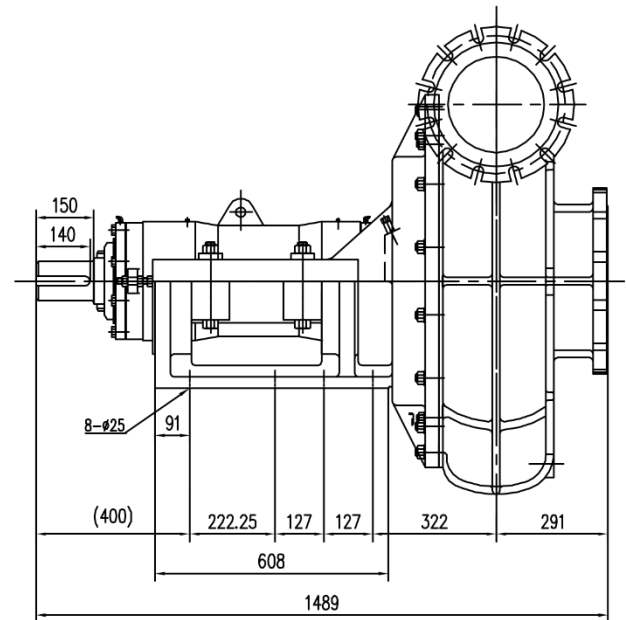

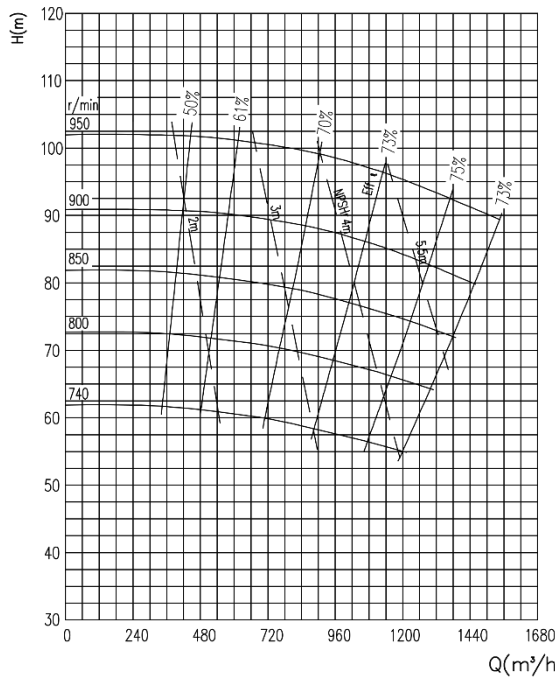

Our customers are our main priority, and we pride ourselves on the customer service levels we provide.

For more information on the Dominator or any of our other pumps, feel free to contact us:
